AFFINITi

Designed by Jean-Louis Iratzoki

A contemporary and functional task chair designed to integrate seamlessly with the modern office environment. Possessing generous seating space and alluring design features, AFFINITi is the perfect partner for the long working day.

Two designs are available to suit contrasting requirements and settings. Choose from a mesh OR upholstered backrest.

AFFINITi can be enhanced further with an optional headrest and a choice of one or three dimensional armrests.

OPTIONS

UPHOLSTERED & MESH

OPTIONAL ADJUSTABLE LUMBAR SUPPORT

AFFINiTi Mesh can be specified with an adjustable lumbar support.

Not only does this improve the aesthetics of the chair, it also assists greatly with maintaining a healthy posture.

OPTIONAL TWO TONE UPHOLSTERY

AFFINiTi Upholstered is available with a contrasting lower panel on the backrest.

Office space requiring that additional touch of style can benefit from the two tone option. A subtle change can sometimes make all the difference.

ARMREST OPTIONS

Choose from two armrest options on the AFFINiTi task chair; 1D or 3D. Both provide a robust and attractive facet to accompany this quite unique seating product.

1D

3D

BASE OPTIONS

The all important base.

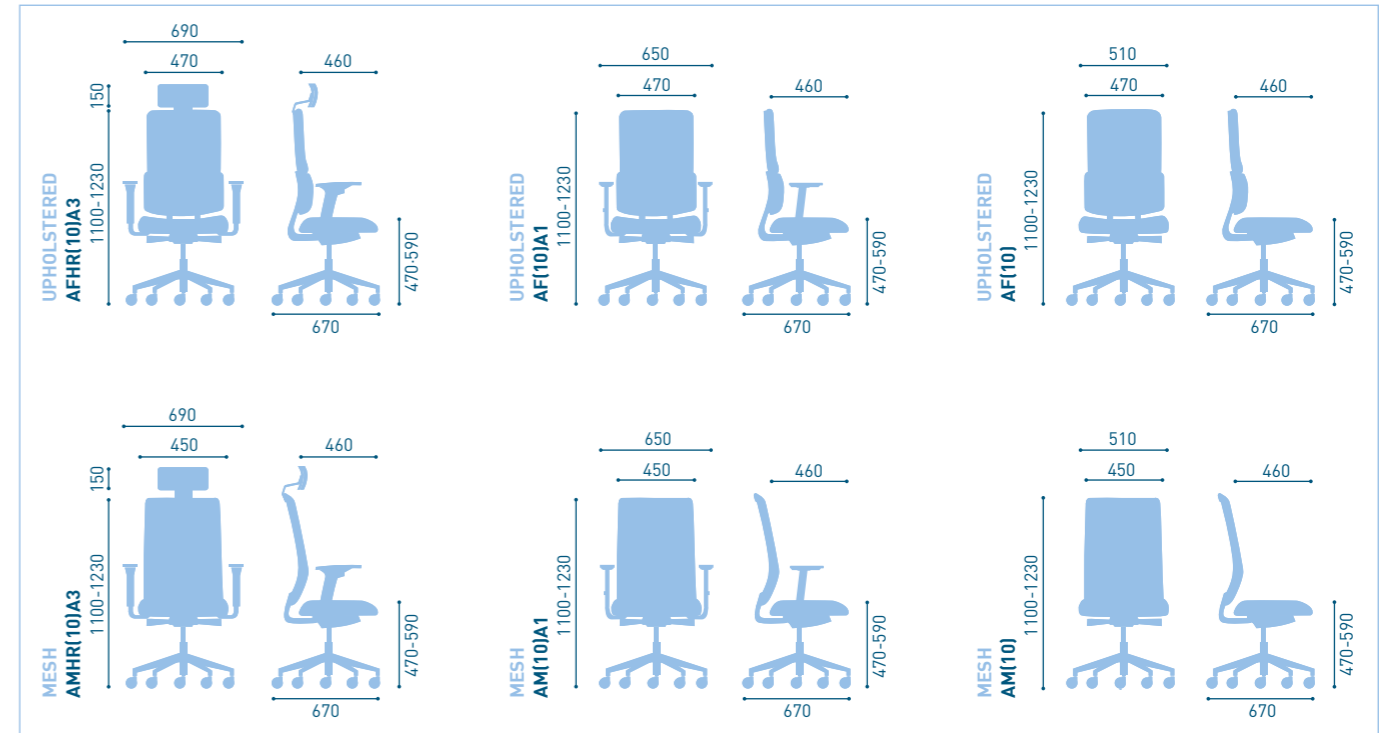

AFFINiTi gets around on the standard nylon stiletto base but if the chair is in need of some uber-modern detailing, choose the chrome alternative.
